

Year 4 Mandarin

Language Learning From Home: Week 9 - 11

This timetable below outlines the teaching and learning program for the remainder of Term 1 for Mandarin class.

Students in year 4 have been learning Mandarin from the beginning of week 3 this term. They have learnt about the formal names for zodiac signs (天干地支) and just started the unit of Fruits. Meanwhile we have revision on prior learning of Sports and Hobbies.

- ❖ Quizlet & word work – this is where you can access the vocabulary your child has been learning. You don't need to set up an account for this site. It is for free. Students are familiar with the word work routine. They can do it on a blank piece of paper or blank pages on previous workbooks.
- ❖ Worksheets/craft- these are the worksheets that children can complete independently with minimal guidance. Please refer to the timetable below for more information.

Students at school have language class **twice** a week. Each lesson lasts **one hour**. Students are to complete **2** worksheets each week. They could do **1** worksheet on the day they normally would have language class. For example, your child might have language class on Monday and Tuesday so they would complete worksheet on Monday and another on Tuesday. Fast finisher is optional when student finish the worksheet within one hour and still have time.
